

Colour in the Elizabeth Tower

Big Ben is the nickname of the largest bell in the tower.

A flock of starlings sat on the clock hand making it slower by 4 minutes in 1949.

The clock tower is officially known as Elizabeth Tower

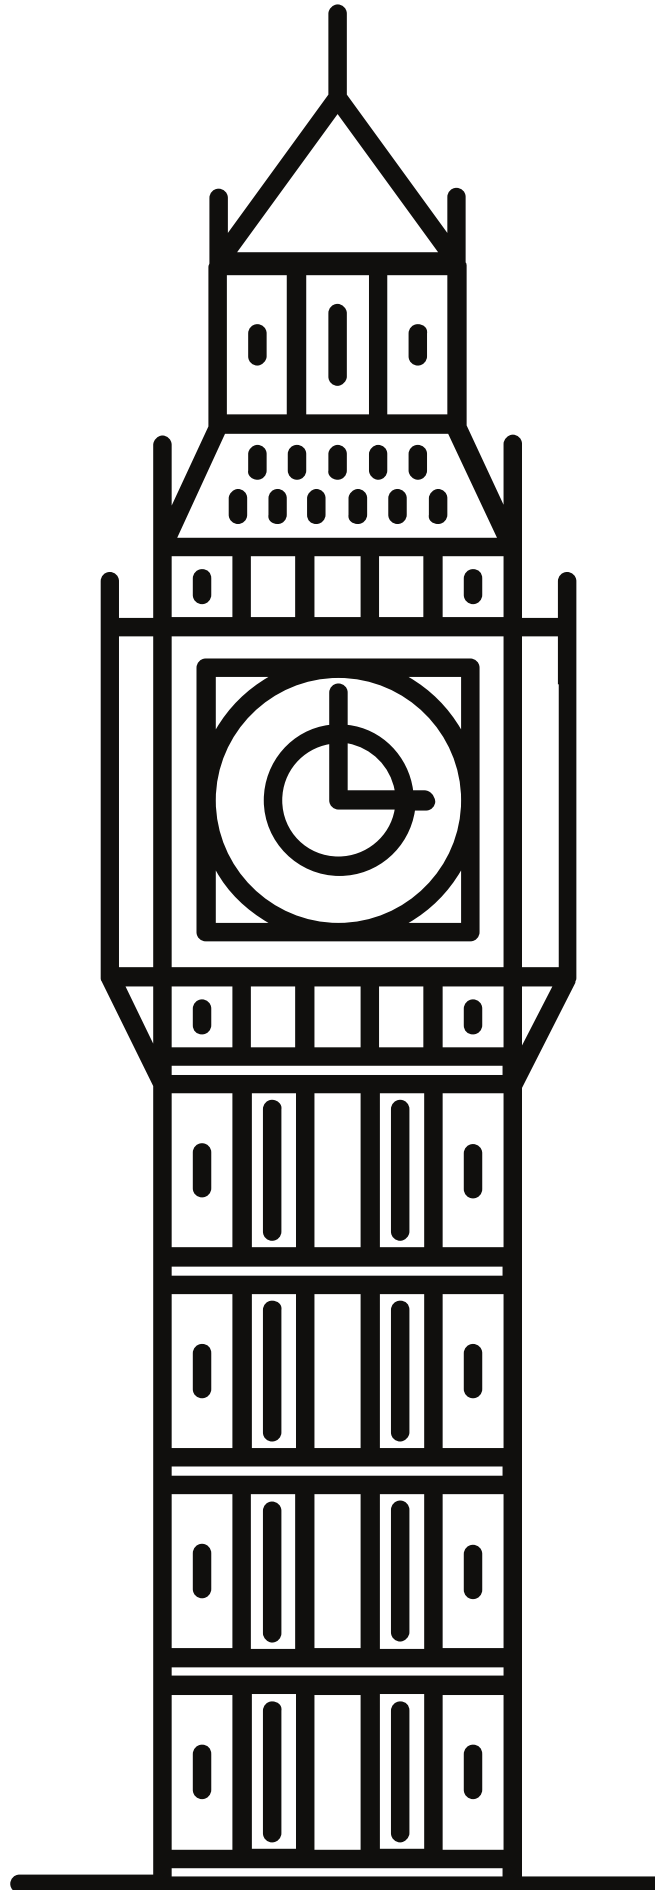

There are five bells in the tower, Big Ben is the biggest.

The bell weighs 13.7 tonnes, more than an adult male elephant

Old pennies are used on the pendulum to adjust the time of the clock.
